Safety Tips:

Thieves often look to commit crimes of convenience that provides quick and easy access to what they are looking for; money, transportation and electronics. Keep your home as secure as possible. Purchase locking bars for patio doors. Keep all doors and windows locked. Install alarms which will sound if windows or doors are opened from the outside. Install motion lights high enough so someone cannot reach up and unscrew the bulb. When you place your vehicle in the garage remove the keys, lock the vehicle, set the vehicle alarm if you have one and lock the garage itself. Dogs are often good at letting you know there is something unusual going on, and it does not have to be a large dog any size will do.

If you have a situation where you suspect someone may be trying to gain access to your home, please call 9-1-1 immediately. If you return home and suspect an intruder may be in your home leave immediately – confrontation may be dangerous. Go to a neighbor and call 9-1-1, report any observations. Remember your safety is more important than property.
