

53rd Avenue Lift Station Improvement Project

Construction Update

May 20, 2021

Project Background:

This project includes timely upgrades and relocation of the City of Fridley's 53rd Avenue Lift Station. The existing sanitary sewer lift station is located immediately adjacent to 53rd Avenue at the Target Store entrance, west of Highway 65. The current location makes maintenance difficult for City staff. This location has also historically put the lift station at risk by vehicular traffic and vandalism.

In addition to addressing the safety and reliability concerns, a major project for a turnaround/roundabout feature to improve traffic safety has been proposed for this area next season in 2022. As such, now is a strategic time to relocate the new 53rd Avenue Lift Station approximately 130 feet northeast to a more suitable location (see attached).

Current Events & Schedule:

The City of Fridley awarded the 53rd Avenue Lift Station Improvement Project to Pember Companies of Menomonie, WI. Construction is scheduled to begin June 2nd, with completion anticipated in mid-August. A detailed schedule is on the project website at the link provided below.

Stay Connected:

The City will be posting all project updates and notifications for the 53rd Avenue Lift Station Improvement Project at the following location:

<https://fridleymn.gov/1575/53rd-Ave-Lift-Station>

Access to Businesses

The public will have access to the neighboring businesses during construction. There may be limited access for short periods of time during major construction events. Please note the City and Contractor will collaborate in minimizing the inconvenience to businesses and their patrons during construction.

Worksite Safety

Although it is tempting and interesting to watch, it is very important that people remain out of the immediate work zone. Please remember to be safe and drive cautiously wherever you see construction workers, equipment and warning signs.

If you have an emergency, the City of Fridley's after hours contact is (763) 427-1212. This is an Anoka County Dispatch and they will direct your call.

www.fridleymn.gov

Work Hours:

The contractor's hours will be from 7:00 a.m. to 7:00 p.m., Monday – Friday. There is potential for occasional work on Saturdays upon City approval.

Contact Information:

Thank you in advance for your cooperation and patience during the project. The City of Fridley's Engineering Division can be contacted at (763) 572-3554 if you have any questions, or concerns.
